

Sports Premium Report 2017-18

Physical Education at King's Cross Academy

At King's Cross Academy, we believe that Physical education and sport have a vital role to play in the physical, social, emotional and intellectual development of children.

We believe physical education and sport are important in giving children the knowledge, understanding and the tools to make informed choices about healthy living and have a positive impact on their own health and well-being.

The physical education curriculum at King's Cross Academy aims to provide for pupils' increasing self- confidence through an ability to manage themselves successfully in a variety of situations.

Children will have the opportunity to take part in a wide range of sports and physical activities, carried out in a safe and supportive environment, where effort and hard-work, as well as success, is celebrated and enjoyment and working together is promoted.

Disabilities and Accessibility

The Academy is highly inclusive and believes that all children should be able to access physical activity opportunities, no matter what their special need or disability is.

The Academy does this through:

- Maintaining an inclusive learning environment
- Modifying and adapting the curriculum to adapt to pupils individual needs when required
- Using multi-sensory approaches, including information and communication technology (ICT)
- Working with additional adults
- Managing peer relationships
- Developing physical memory

- Developing and encouraging motivation
- Using expertise from other professionals such as Occupation Therapists / Physiotherapists

The Sports Premium

The Department for Education sports grant funding for school's aims to promote physically literacy and provide children with the knowledge, skills and motivation necessary to equip them for a healthy, active lifestyle and lifelong participation in physical activity and sport.

The funding has been provided for the achievement in self-sustaining improvement in the quality of PE and sport in primary schools by ensuring impact against the following objective and Indicators:

1. the engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles
2. the profile of PE and sport being raised across the school as a tool for whole school improvement
3. increased confidence, knowledge and skills of all staff in teaching PE and sport
4. broader experience of a range of sports and activities offered to all pupils
5. increased participation in competitive sport

It is important to emphasise that the focus of spending must be **sustainable** and leave a **lasting legacy** beyond the funding allocation

The sports premium funding for the Academy for 2017/18

Academic Year:	2017 - 18
Total Funding Allocation:	£ 16,600
Actual Funding Spent:	£18,100
